

REMARKS

Claims 3-23 and 25-38 were pending in the application prior to the Office Action dated July 10, 2008. After entry of the above amendments, claims 3-18, 25-27, 30-31, and 39-50 will be pending. In the Office Action, claims 3-23 and 25-38 were restricted into the following two groups:

- I. Claims 3-17, 25-26 and 30-31, drawn to document presentation of topic road mapping, classified in class 715, subclass 712.
- II. Claims 19-23, 28-29 and 32-38, drawn to management of remote accessing, classified in class 707, subclass 200.

Applicant notes that the numbering of claims in the two groups appears to contain errors. Claims 4-18 depend from independent claim 3. Claim 18 was not addressed. Claims 25-27 depend from independent claim 3. Claim 27 was not addressed. Applicant assumes that Group I includes claims 3-18, 25-27, and 30-31, and Group II includes claims 19-23, 28-29, and 32-38.

Applicant hereby elects **Group I** consisting of claims 3-18, 25-27, and 30-31 for prosecution at this time. This election is made without traverse, and no representations are made by this election concerning the merits of the Restriction Requirement with respect to the possible existence of multiple distinct inventions among the originally presented claims. Applicant reserves the right to pursue the subject matter of all non-elected claims in one or more related applications.

Applicant has further amended the currently pending claims in Group I for clarification purposes. No new matter is being added in the amended claims. Applicant has further added new claims 39-50 directed to document presentation of topic road mapping. Applicant respectfully requests consideration of the newly presented and elected claims and their allowance.
